Total marks — 32

Attempt ALL questions.

In this examination you will listen to excerpts of music and answer questions on what you hear.

Where excerpts are played more than once, the number of times each excerpt is played is stated in the question.

Write your answers clearly in the spaces provided in this booklet. Additional space for answers is provided at the end of this booklet. If you use this space you must clearly identify the question number you are attempting.

Use blue or black ink.

Before leaving the examination room you must give this booklet to the Invigilator; if you do not, you may lose all the marks for this paper.

Here is the excerpt for the second time.	

(b) Listen to this excerpt of bagpipes and describe in detail a **stereo** mic'ing technique you would use to capture this performance. Justify your choice.

3

You now have 2 minutes to complete your answer.

(c) Listen to this excerpt. Identify the type of scale featured in the bass guitar sequence.

[Turn over

Listen to this excerpt of an engineer working on mix elements.

A guide to the audio is laid out below. You will see that further information is required and must be inserted in the spaces.

There will now be a pause of 40 seconds to allow you to read through the question.

The excerpt will be played three times with a pause of 15 seconds between playings.

In each playing, a voice will help guide you through the numbered sections.

Here is the excerpt for the first time.

Here is the excerpt for the second time.

Here is the excerpt for the third time.

Section	Description			
1.	The engineer adjusts the frequency control on a/an filter.			
2.	Two of the time domain effects on the electric guitar are and			
		2		
3.	The engineer solos the high tom and adjusts the control on a noise gate.	1		
4.	The engineer now adjusts thecontrol on the vocal delay.	1		
5.	The engineer now adds a to the lead vocal.	1		
6.	The texture of the vocals in the chorus is	1
