Notes to candidates

Before you start to research, you must select a brief and read the 'Instructions for candidates' which gives details of the skills you must demonstrate and the type of evidence you must provide.

You should speak to your teacher or lecturer before you start if you are unclear about what is required for this assessment.

Complete the product design specification on the research and specification pro forma.

You must:

♦ carry out research on a range of issues relevant to the task
♦ draw conclusions from your research
♦ ensure your specification covers a range of issues such as aesthetics, function, ergonomics, performance and cost.

Design brief 2

Neon Golf would like a design proposal for a feature at the end of the adventure golf course where customers play to return their golf balls.

This feature needs to be easy for staff to retrieve the golf balls and include a place for customers to return their putters.

The proposal needs to be interactive and influenced by the 'Under the Sea' theme.

You can use one or more of the components shown on pages 28-30 within the assembly of the proposal.
